Response to Arguments

Applicant's arguments with respect to claims 8 and 9 have been considered but are moot in view of the new ground(s) of rejection.

Claim Rejections - 35 USC § 102

The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

Claims 8 and 9 are rejected under 35 U.S.C. 102(b) as being anticipated by U.S. Patent No. 3,552,321 to Priebe.

Regarding claims 8 and 9, Priebe teaches a transportation system for moving passengers and freight, comprising: a track network (fig. 1 at least), said track comprising a pair of side rails (14) and a central rail (13; col. 3, lines 33 – 45 at least); a plurality of vehicles (trains) each having a body, a plurality of wheels engaged on said side rails for supporting the vehicle (as illustrated in figs. 1, 3), a plurality of guiding wheels (12) engaged on said central rail for centering the vehicle on the track, wherein said central rail further comprises a plurality of movable sections (3/4) for switching the direction (turnaround loop) of the vehicles on the track network (see fig. 1; col. 2, line 6 – col. 3, line 20 at least).

Allowable Subject Matter

Claims 1 – 7 and 10 are allowed. A statement of reasons supporting the allowable subject matter will be provided in response to this Office Action.

Conclusion

Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire **THREE MONTHS** from the mailing date of this action. In the event a first reply is filed within **TWO MONTHS** of the mailing date of this final action and the advisory action is not mailed until after the end of the **THREE-MONTH** shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than **SIX MONTHS** from the date of this final action.
